HUNT PROFITERS IN FOODSTUFFS

Joint Committee Will Make
Sweeping Inquiry

FARMER GETS TOO LITTLE

Will Make Comparative Study Of
Conditions Now Obtaining In
Other Industries—Committee
To Make Trips.

Washington.—Congress started on
the trail of the farm products prof-
iteer, when the agricultural inquiry
was opened by a joint committee of
the House and Senate.

With sweeping authority to go into
the highways and by-ways along the
route from the farm to the dinner pail
the committee has set out to find the
men who are making big profits on
foodstuffs. Wearing apparel will also
be traced from the cotton fields and
sheep ranges to the buyer's back.

Agriculture, members of the com-
mittee contend, is in a state of dis-
tress that economic conditions do not
justify. Somebody is getting a large
part of the farmers' share of the
profits and the consumer is paying
unduly high prices, they declare.

The investigation will go into:

1. Cause of the present condi-
tion of agriculture.
2. Difference between prices of
farm products paid to producer
and ultimate cost to consumers.
3. Comparative conditions of
industries other than agriculture,
including relative prices of com-
modities.
4. Banking and financial re-
sources, and credits and transpor-
tation facilities.

After taking testimony of represen-
tatives of the various farm organi-
zations, Chairman Anderson indicated
that the committee would make trips
to the centers of distribution for first
hand information.

SODA WATER REVOLT SPREADS.

Children Flock About Windows And
Urge To Boycott Stores.

New York.—Rumblings of the soda
water revolution of the Bronx were
heard in every drug store there
Groups of children flocked about the
drug store windows, making faces at
the clerks inside and halting anyone
who attempted to enter.

"The picket line" of the insurgents,
protesting against the high price of
ice cream sodas, pleaded with cus-
tomers to "lay off the 17-cent soda
until we can get it for a nickel."

"The boycotters bore placards of
"We want 5-cent sodas" and "Don't
pay high prices—make 'em come
down."

NAVAL BILL ADOPTED.

Appropriation Measure Sent To Presi-
dent Harding.

Washington.—The conference report
on the Naval Appropriation bill finally
was adopted by the Senate and House,
and the measure, which carries funds
for the navy for this fiscal year, was
sent to the President. Technically, the
July 1. The Senate finally abandoned
its fight for airplane carriers and naval
bases on the Pacific Coast, but Chair-
man Poindexter, of the Senate com-
mittee, told the Senate that it was
hoped to provide for an airplane car-
rier in a separate bill.

Star To Get Lump Settlement, Her
Friends Say.

Chicago.—Peggy Hopkins Joyce,
"Follies" star, will receive a settle-
ment of \$500,000 in a lump sum of
alimony from her millionaire husband,
James Stanley Joyce, the lumber
baron, of Clinton, Iowa and Chicago,
according to rumors current among
friends of the couple, before the final
hearing of her bill for separate main-
tenance and his cross-bill is brought
to a close before Judge Joseph Sa-
bath in the Superior Court next fall.

FIREMAN SHOT BY GIRL.

She Then Wounds Herself—Claims He
Ruined Her.

Detroit.—"You have ruined me," de-
clared Louise Elizabeth Snelzek, ac-
cording to the police, as she shot and
killed Edward Malowski, a city fire-
man. The woman then turned the
gun on herself, inflicting a serious
wound. Jealousy is said to have
caused the shooting. The girl has a
chance to recover, physicians say.

THREE FIREMEN HURT IN BLAZE.

Fire Causes \$125,000 Damage To Pa-
per Company In Atlanta.

Atlanta.—Three firemen were re-
ported seriously injured in fighting a
fire in the Dixie Paper and Box Com-
pany's plant here. The fire damage
was estimated at \$125,000.

Majorities may not always be
right, but they get the benefit of the
doubt.

ARSON CHARGE LAID.

York, Pa.—Mrs. Ray Heiser, 18
years old, will be prosecuted on a
charge of arson. The charge grows
out of an investigation conducted by
Fire Chief George Kroll and a deputy
fire marshal, of the blaze which
on last Thursday evening partly de-
stroyed the Heiser home. After be-
ing arrested Mrs. Heiser became
hysterical and is now in the York
hospital.

DISARMAMENT AND WORLD PEACE

President Proposes Parley to
Four Powers

FAR EAST ISSUES INCLUDED

Formal Invitations To Follow If Prop-
osition Is Found Acceptable—
China To Be In-
vited.

Washington.—The momentous deci-
sion to call an international confer-
ence in Washington, was announced
by President Harding, to discuss limita-
tion of armaments and endeavor to
reach a common understanding in re-
gard to the problems of the Pacific
and the Far East.

Great Britain, France, Italy and
Japan are invited to participate with
the United States.

China has also been asked to take
part in the discussions of Far Eastern
questions.

By direction of the President the
State Department issued a formal
statement declaring that the nations
known during the war as the "Prin-
cipal Allied and Associated Powers" and
China had been asked informally
whether such a conference would be
agreeable with a view to the issuance
of formal invitations later.

It is understood that favorable re-
plies have been received informally
from all, but some doubt has been ex-
pressed as to Japan's attitude. No
date has been fixed for the confer-
ence, but it will probably be some
time this fall.

The statement issued by the State
Department said:

"The President, in view of the far-
reaching importance of the question
of limitation of armaments, has ap-
proached with informal but definite
inquiry the group of Powers hereto-
fore known as the Principal Allied
and Associated Powers—that is, Great
Britain, France, Italy and Japan—to
ascertain whether it would be agree-
able to them to take part in a confer-
ence on this subject to be held in
Washington at a time to be mutually
agreed upon.

"If the proposal is found to be
acceptable, formal invitations for such
a conference will be issued.

"It is manifest that the question of
limitation of armaments has a close
relation to Pacific and Far Eastern
problems, and the President has sug-
gested that the Powers especially in-
terested in these problems should un-
dertake, in connection with this con-
ference, the consideration of all mat-
ters bearing upon their solution, with
a view to reaching a common under-
standing with respect to principles and
policy in the Far East. This has been
communicated to the Powers con-
cerned, and China has also been in-
vited to take part in the discussion
relating to Far Eastern problems."

5 KILLED, 50 INJURED IN CRASH.

Huge Bomber Shoots Down Suddenly
At Moundsville.

Moundsville, W. Va.—Five persons
are known to have been killed, a ma-
chineist is believed to have been burned
to death, approximately 50 persons
were injured, and a United States
Army plane and 16 automobiles were
destroyed when the plane, after flying
a short distance over the Langin Fly-
ing Field here, suddenly tilted, shot
downward and crashed to the ground,
alighting on about 20 automobiles and
pinning occupants of machines be-
neath it. An explosion occurred as
the plane struck the machines, de-
stroying most of them. It is believed
that the death list will be increased,
as several persons supposed to have
been at the Langin Field are unac-
counted for and it is expected that
some of the injured will die.

RAIL REVENUES INCREASE.

Gains In Both Freight And Passenger
Returns Reported.

Washington.—Freight revenues of
Class 1 railroads aggregated \$1,230,
541,229 and passenger revenues \$380,
625,777, in the first four months of
1921, according to a statement issued
by the Interstate Commerce Commis-
sion. The corresponding figures for
the same period of 1920 were \$1,201,
626,334 for freight and \$358,961,958 for
passengers. The number of passen-
gers carried dropped from 391,778,000
in the first four months of 1920 to
351,459,000 in the same period of
1921, a decrease of over 40,000,000
passengers. Tonnage declined from
664,517,000 tons in the first four
months of 1920 to 513,225,000 in the
first four months this year.

WILDCAT ELECTROCUTED.

Dogs Had Apparently Chased Animal
Up Pole.

Waynesboro, Pa.—Line Patrolman
Monagan found a dead wild cat at a
pole on the high tension line between
Blue Ridge Summit and Charmian.
Some dogs had apparently chased the
cat up the pole and he was electro-
cuted when his paw touched the wire
at the cross arm.

15 KILLED AND 100 HURT.

Irish Truce Disregarded By Both
Sides.

Belfast.—Rioting broke out in Bel-
fast Saturday night and, continuing
throughout the day, became so serious
Sunday afternoon that the military
had to be summoned to restore order.
At 10 o'clock the casualty lists showed
that 15 persons had been killed and
nearly 100 wounded. According to po-
lice accounts, the firing at patrols by
Republicans precipitated the outbreak.

EASY to cook with, easy to control, and easy to keep

Burns kerosene. No wicks, no valves. Cooks, bakes, roasts,
and does it evenly and thoroughly. Powerful burners direct
the intensely hot blue flame close up under the cooking. The
heat is automatically controlled by turning the lever handles.

THE UPPER SILESIAN QUESTION

UPPER Silesia is about the size of the State of Connecticut. The Versailles Treaty provided that there should be a plebiscite of the inhabitants to determine whether they wished to remain a part of Germany or become a part of the new Republic of Poland. The Germans knew of the approaching vote and rushed as many of their nationals into the country as they could. The vote was taken, and, in spite of the efforts of the Germans to influence the result in their favor, the Poles registered a great victory, and under the terms of the treaty they appear to be rightfully entitled to the territory of Upper Silesia. But they don't get it.

Some of the Poles in the plebiscite area, angered at the failure of the authorities to recognize their rights, have risen in rebellion, not, however, with the official approval of their home government. The Germans, defeated in the vote, have been delegated by the allies to put down the uprising, and Great Britain has sent troops to see that the Poles are kept within their proper bounds. It is the evident intention of the allies to give the new territory to Germany, vote or no vote, treaty or no treaty.

Now, the apparent reason for this disregard for all properties, and complete lack of respect for the Versailles Treaty, lies in the fact that Upper Silesia contains vast deposits of coal. The treaty and the reparations commission declare that Germany shall obtain huge quantities of coal from the allies over a period of years. The allies are anxious that Germany shall have the coal mines of Upper Silesia from which to draw the supplies that formerly Germany obtained from the coal mines of the Ruhr.

The action of the allies in Upper Silesia to Germany, therefore, to confiscating coal from their own mines that rightfully belongs to Poland, Germany merely acting as an agent to transport and deliver the fuel.

The Upper Silesian question is but one phase, and perhaps a comparatively unimportant one, of the whole European situation, but the way in which it is being handled is an accurate indication of the callous disregard in which the Versailles Treaty is held. The complete failure of the league of nations to function in accordance with the covenant contained in the treaty is notorious, and now it seems that the rest of the treaty is about as meaningless as its first chapter. We hear frequent rumors that President Harding is inclined to re-submit the treaty to the Senate for ratification after certain reservations have been made to it. We hope the rumors are baseless, for it would be the height of folly for the United States to become a party to an undertaking which two years' experience has demonstrated is lightly cast aside by the other signatories whenever it suits their convenience to do so.

MR. DAUGHERTY is right—it would be rank injustice to jail the draft evaders and let the corrupt war profiteer off with a fine or with no punishment whatever. Go to it, Harry.

STATE AND PENINSULA

The Kent and Sussex fair at Harrington will be held from July 26 to 30.

A class in life-saving is being conducted by the Red Cross at Rehoboth Beach.

The Wilmington Street and Sewer Department has admitted the Wawaset section to the corporate limits of the city.

A joint meeting of the county committee with the Democratic State Committee will be held at Rehoboth Beach next month.

The summer school for colored teachers opened Monday at State College for Colored Students north of Dover will continue six weeks.

Work on Dover's new brick fire house for the Robbins Hose Company is progressing rapidly, the expectation being to have it ready for occupancy late in August.

New bath houses will probably be erected on the Battery Park Beach, New Castle, within the next two weeks. Contributions are being solicited for the purpose.

The City Council of Havre de Grace, Md., has granted the volunteer firemen privilege to hold a street carnival from August 13 to 20 and to block off certain parts of the streets.

During the season there were shipped from the Delaware-Maryland Peninsula approximately 2275 cars or around 16,000,000 quarts of strawberries, an increase of 4,000,000 quarts over last year.

— Talks About Building

Lumber prices are deflated. Lumber, the last great commodity to advance in price, has been the first to come back to a normal basis. While lumber constitutes less than 30 per cent of the cost of the average frame house, these reductions mean an important saving in building costs.

Building labor is more efficient. A reduction in the wage scale is less important than a full day's work for a day's pay. Increased efficiency has already brought about a substantial reduction in costs.

You can build now with confidence. Deliveries of material are certain, prices can be protected against advances, and building labor is available. No longer is it necessary to build on the "cost-plus" plan.

There are good reasons why many people should build homes for themselves. If you have been thinking about building we invite you to talk it over with us personally. We will gladly help in meeting any of your building problems and our friendly counsel and assistance will not obligate you in any way.

Begin Enlarging C. & D. Canal Work of enlarging the Chesapeake and Delaware Canal has been started by W. H. Gahagan, Brooklyn, contractors. Equipment has been assembled and a force of men is clearing the area to be excavated between St. Georges and Delaware City. The original plans provided for the excavation of 330,000 cubic yards of earth, but the bulk has been increased to 600,000 cubic yards. It is estimated that it will take two years or more to complete the one project, the first estimate of time having been ten months.

Newly Reduced Prices Increased Value

The plain statement of a price reduction tells less than the full Nash story.

For the Nash manufacturing efficiency and economy that made possible new prices also added quality to Nash cars.

The big Nash plants at Kenosha and Milwaukee are the finest works that could be devised.

Ample finances provided the most modern machinery. Long experience developed the most effective shop practice. And Nash production ability is constantly finding ways to build more economically while building more finely.

The new lower first cost means a lower final cost because of the many betterments continually being embodied in Nash cars.

That is exactly what Nash value stands for—paying less and getting more in able performance, in durability, and in solid comfort.

The worth of every Nash car is further safeguarded by our Nash service that is territory-wide and unfailingly prompt.

Come see the Nash models at their new prices.

STATE OF DELAWARE
OFFICE OF SECRETARY OF STATE
J. A. R. BENSON, Secretary of State of the State of Delaware, do hereby certify that the above and foregoing is a true and correct copy of Affidavit made by one John D. Stellar, registering 8 ounce Soda Bottles together with boxes containing same which bottles bears the name of H. G. Ingram, blown therein, together with No. 1709, the same having been purchased from the aforesaid H. G. Ingram, on the twenty-second day of March, A. D. 1921, as shown by copy of affidavit and made a part hereof duly made and signed by the said John D. Stellar, in compliance with the provisions of Section 49, Chapter 100 of the Revised Statutes of 1915, as received and filed in this office the eighteenth day of May, A. D. 1921.

In testimony whereof, I have hereunto set my hand and official seal, at Dover, this eighteenth day of May in the year of our Lord one thousand nine hundred and twenty-one.
A. R. BENSON, Secretary of State.

Norman Baron!

Standard and Registered brown Stallion, 16 hands, trotter, record 2.17 at (3) years old; sired by Baronmore, dam Chimes of Normandy; half sister to Peter the Great. He is the "best and fastest" horse I ever owned, beautiful disposition, plenty of bone and substance, solid color and very handsome. Fee \$20.00. Address: CORBIT VINYARD, Middletown, Del.

Biliousness And Constipation
"For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been to-day had I not tried Chamberlain's Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally," writes Mrs. Rosa Potts, Birmingham, Ala.

Wanted!
Furnished house in Middletown or Townsend, six or seven rooms, for three or four months. Inquire of L. E. FRISSELL, Box 36, Townsend, Del.

One Dollar Saved Represents Ten Dollars Earned

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he can not be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.

FCR SALE—One 18 ft. Kennebec canoe, in good condition. Owner has no use for same. Apply to THIS OFFICE.

A Splendid Medicine For The Stomach And Liver

"Chamberlain's Tablets for the stomach and liver are splendid. I never tire of telling my friends and neighbors of their qualities," writes Mrs. William Vollmer, Eastwood, N. Y. When bilious, constipated or troubled with indigestion, give them a trial. They will do you good.

The Same Everywhere

The editor of Paisa Akbar, a native newspaper of Lahore, India, says, "I have used Chamberlain's Colic and Diarrhoea Remedy many times among my children and servants, for colic and diarrhoea and always found it effective."

SERVICE—Our Watch Word

Fordson TRACTOR

Yes I've more time for Myself Since I Got a Fordson"

The Fordson Tractor is taking much of the drudgery out of farm life; it is solving the labor problem; it is reducing the cost of preparing land by almost one half of what it was with horses; and it is saving one third to one half of the farmer's time; and making farm life more attractive.

The Fordson will run your threshing machine—and at the most opportune time for you. It will operate the milking machines, saw your wood, fill your silo, pump the water, and take care of every kind of belt work.

And don't forget—it will plow six to eight acres in a ten hour day, handling two plows with ease.

Thus the Fordson is the ideal year-round tractor. It will pay for its fall and winter keep in many ways.

There's a big story to tell you about the Fordson—and a true one—come in and get the facts. Or, if you prefer, telephone or drop us a card and we will bring them to you.
